Questa pubblicazione raccoglie le immagini relative agli aggiornamenti di alcune linee di prodotto, ad integrazione del catalogo generale. Nello specifico, propone l'ampliamento della gamma dei lavabi e degli apparecchi di illuminazione oltre che presentare tre nuove finiture laccate: ècru, argilla ed ocra.

This publication collects the images relating to updates to certain product lines, for integration in the general catalogue. More precisely, it proposes the expansion of the wash basins and lighting ranges and introduces three new lacquered finishes, ecru, clay and ocher.

Elletre

Nato nella versione in calcestruzzo, il lavabo Elletre viene qui proposto anche in quella ceramica, per un utilizzo più classico (L3LCER).

La sua forma irregolare e morbida conferisce a questa versione un carattere distintivo rispetto agli standard ceramici, di solito più *regular*.

E' possibile utilizzarlo d'appoggio e sospeso, anche in posizione angolare, ed è abbinabile sia alla rubinetteria a parete che da lavabo.

Colori disponibili: nero, sabbia, viola, celeste e acqua marina solo opachi; bianco opaco e lucido.

Nella foto: dettaglio interno del lavabo che ne sottolinea la morbidezza della forma.

Originating in a concrete version, the Elletre wash basin proposed here is also offered in ceramics, for a more classic look (L3LCER). Its irregular and soft form gives this version a distinctive character in relation to the ceramic standard, which is usually more regular.

It is possible to install it on a countertop or wall-mounted, even in a corner position, well matches with both lay-on or wall faucets.

Available colours: white (glossy and matt) black, sand, purple, sky blue and aquamarine (just matt).
